Fax: 212-336-2222

Ryan Mott is an associate in the firm's Litigation department.

Before joining the firm, Mr. Mott worked in the automotive industry on the design and MATLAB-based simulation of chain tensioning systems. Mr. Mott also has experience in the digital design of image sensor-based devices, including the hardware design of handheld 2D barcode readers and research on the use of digital camera sensors to decode strands of ruthenium-laced DNA.

Mr. Mott is registered to practice before the U.S. Patent and Trademark Office, and previously held an internship at the World Intellectual Property Organization (WIPO), working for its Office of Legal Counsel (OLC).

Representative Matters
